

Document to the RCPATH for CPD approval

30 Histopathology Webinars in the East of England

Organisers: Drs Preethi Gopinath, Maria O'Donovan, Vasi Sundaresan

Target Audience:

Consultant Histopathologists in the UK and overseas who want to refresh or update their current knowledge.

Course Content:

Each webinar will cover a specialty topic with teaching centred on scanned slides. The emphasis will be on interpreting the histology in the context of clinicopathological correlation. The level of difficulty of the complexity of cases will be varied and will aim to imitate real-life cases, ranging from straight-forward diagnoses to complex cases that require further work and central review. The case selection will be similar to what may be seen in an EQA setting.

Delivery of Webinars:

Due to the ongoing Covid-19 pandemic, the course organisers have had to adjust to delivering a totally virtual webinar series of teaching sessions.

These will be delivered on the Zoom platform enabling anyone with internet access and an Android or Apple device to access the webinars.

The webinar sessions will run from 10am to 12pm on Saturdays to accommodate overseas candidates and the faculty to deliver the webinars. Our speakers will present 20 cases highlighting important diagnoses in routine practice and will discuss relevant management issues and provide clinicopathological correlation.

These sessions will be recorded and posted on Vimeo with appropriate links for those wishing to review the sessions.

Those with iPads or Android tablets can have the course material uploaded automatically a week in advance on the tester app (appstudio). The answers to the slides and the videos hosted on the course server will be available for viewing from the course server which is username and password protected.

CPD Points

These webinars will be a useful resource containing a range of diagnostic material across all main subspecialties in Histopathology. Each webinar will last 2 hours amounting to 2 CPD points/webinar. Delegates will be able to view approximately 20 slides before the sessions (excluding session run in August 2021) amounting to another CPD point. For those delegates that view slides before the Webinar and attend the entire programme, the total number of CPD points will be 78 points.

List of Speakers

Specialty	Speaker	Number of Webinars
Gastrointestinal Pathology - UGI	Prof Neil Shepherd	(1)
Gastrointestinal Pathology - LGI	Prof Marco Novelli	(1)
Soft Tissue	TBC	
Gynaecological Pathology	Prof Naveena Singh	(2)
Haematopathology	Dr Hiba Ali	(1)
Medical Renal Pathology – Interpretation of EM	Dr Ranmith Perera	(1a)
Medical Renal Pathology	Dr Ranmith Perera	(1b)
Dermatopathology – Tumours	Dr Hazem Ibrahim	(1a)
Dermatopathology – Inflammatory skin	Dr Hazem Ibrahim	(1b)
Non-gynae Cytology	Dr Maria O’Donovan	(6)
Lung – Interstitial Lung Disease	Dr Doris Rassel	(1)
Lung – Pulmonary Pathology	Dr Martin Goddard	(1)
Urological Pathology	Dr Anne Warren	(2)
Breast Pathology	Dr Elena Provenzano	(1)
Breast FNA Cytology	Dr Preethi Gopinath	(1)
Head and Neck & Endocrine Pathology	Dr Alison Marker	(2)
Approach to Frozen Sections	Dr John Grant	(1)
Liver Pathology	Dr Tu Vinh Luong	(1a)
Pancreatic Pathology	Dr Tu Vinh Luong	(1b)

Webinars will be conducted on Saturdays, 10am-12pm.

Approximately 20 cases will be covered on most of the webinars. A Word document with hyper-links to scanned slides will be sent to attendees prior to the Webinar. Attendees will dial in on Zoom. Sessions will be recorded and links posted on Vimeo for access by attendees. An iPad App is being developed for free download for attendees.

Proposed Programme

		Speaker	Topic
	October 2020		
1	17th	Prof Neil Shepherd	Lower GI Tract
2	24th	Ranmith Perera (1a)	Interpretation of Medical Renal Biopsies
3	31st	Prof Marco Novelli	Upper GI Tract
	November		
5	7th	Dr Tu Vinh Luong (1a)	Liver Pathology
5	14 th	Dr Alison Marker H&N (1)	H&N and Endocrine
6	21 st	Dr Alison Marker H&N (2)	H&N and Endocrine
7	28 th	Dr Ranmith Perera (1b)	Interpretation of Medical Renal Biopsies
	December		
8	12th	Dr Hazem Ibrahim (1a)	Inflammatory Skin Pathology
9	19th	Dr Hazem Ibrahim (1b)	Tumours in Dermatopathology

	January 2021		
10	9th	Dr Elena Provenzano	Breast Pathology
11	16th	Dr Tu Vinh Luong (1b)	Liver and Pancreas Pathology
12	23rd	Dr Anne Warren (1)	Urology
13	30th	Dr Doris Rassl	Interstitial Lung Disease
	February 2021		
14	6th	Dr Martin Goddard	Pulmonary Tumour Pathology
	March 2021		
15	6 th	Prof Naveena Singh (1)	Gynae Pathology
16	13 th	Prof Naveena Singh (2)	Gynae Pathology
	May 2021		
17	8th	Speaker TBC	Soft Tissue and Bone
18	15 th	Dr Anne Warren (2)	Urology
19	22 nd	Dr Hibah Ali	Lympho-reticular Pathology
	June 2021		
20	5 th	Dr Preethi Gopinath	Breast Cytopathology*
21	12 th	Dr John Grant	Frozen Sections
21	19 th	Dr Maria O'Donovan	Cytology 1*
22	26 th	Dr Maria O'Donovan	Cytology 2*
	July 2021		
23	3 rd	Dr Maria O'Donovan	Cytology 3*
24	10 th	Dr Maria O'Donovan	Cytology 4*
25	17 th	Dr Maria O'Donovan	Cytology 5*
26	24 th	Dr Maria O'Donovan	Cytology 6*
	August 2021		
27	14 th	Dr Sarah Lower	Mock Exam
28	15 th	Dr Salma Al Ramadhani and Preethi Gopinath	Macros Clinical Governance OSPE and Management I
29	21 st	Dr Anne Warren/ Vasi Sundaresan	Mock Exam
30	22 nd	Dr Salma Al Ramadhani and Preethi Gopinath	Macros Clinical Governance OSPE and Management II

*All sessions will have pre-scanned histology slides for viewing before the event. However, since Cytology slides have proven to be challenging, dependent on the quality, these cases will be discussed in real-time and images projected from a microscope.

Advert: Get 40+ CPDS - follow the EoE Webinars on Saturdays on an app or catch up later in the week and follow the missed session. Preview the cases write a reflective note and earn an additional CPD, convert them to 70 CPD points.

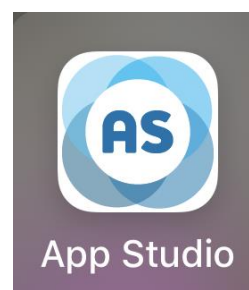

Who should attend: Consultants and Trainees at ST3 level upwards preparing for the FRCPath Examination.

Topics Covered-Aspects of:

- Upper, Lower GI and Pancreatic and Liver Pathology
- Gynae Pathology
- Breast Pathology
- Lung Pathology
- Lympho-reticular Pathology
- Dermatopathology

Faculty-Nationally and Internationally renowned experts & RCPATH Dataset Authors:

- Dr Martin Goddard
- Dr John Grant
- Professor Hazem Ibrahim
- Dr TuVinh Luong
- Dr Alison Marker
- Professor Marco Novelli
- Dr Maria O'Donovan
- Dr Ranmith Perera
- Dr Elena Provenzano
- Dr Doris Rassl
- Professor Neil Shepherd
- Professor Naveena Singh
- Dr Anne Warren

To Register and Book:

Register for the course - [Press here](#)

Make payment for the Course: [Press Here](#)

Consultants: £600

Trainees: £450

Single Taster session: £75

App Download (for those signing up for full Program):

Search for Quark Express and look for the appstudio app.

Contact: HistopathologyCPD@gmail.com for username and password.

Once registered, there will be a weekly update of the appstudio app which a clinical details and web links to cases for discussion and Zoom app invite and appropriate password.

A word document can be likewise downloaded weekly and annotated digitally or printed and annotated and stored for later upload to your CPD portfolio.

Weekly updates of:

- Cases for discussion next week-as a downloadable and annotatable word document
- Last weeks' video of the Zoom session
